## *jetStamp graphic* **970**

• For medium and small imprint areas • Diverse imprint options • Lightweight device • The device is securely stored and placed well by the station • Quick print image change • Max. print size: 65 mm (2 ½") x 12.7 mm (½").

THE HANDY PRO

Handy and **easy to program** – the *jetStamp graphic* 970 is an inkjet printer that marks documents or products easily and quickly, and at the **highest print quality**.

The specially developed MP ink permits **printing on different materials** for perfect, **machine readable marking**.

The device is **sealed in the station** to prevent the ink from drying out during longer work breaks. Its mobility makes it possible to **integrate** the handheld inkjet printer *jetStamp graphic* 970 **in the process chain** just where it is needed.

The required print images can be **created quickly** and easily at the computer and **transferred by USB or Bluetooth**.

A **memory option** for up to four imprints that can be **switched easily** via a setting wheel optimises work steps and **saves working time**.
